### LOCAL MATTERS.

WEATHER PROBABILITIES, Jun. 26, 188 For the Middle States partly cloudy weather, slight rise in temperature, northerly winds, shifting to east and south, followed during the night by slowly failing barometer, increasing cloudiness and threatening weather.

County Treasurership. - It being geter ally supposed that Judge Jas. Sangster would fill the vocarcy in the office of County Treas urer, occasioned by the death of the late Jefferson Treey, at this term of the court, there was a large atterdire; of county reople upon the County Court to day.

Verious candidates were present with their friends, and positions were circulated in behalf of the respective candidates and numerously signed. Some disappointment was experied and by the most anxious of the candidates when it was ascertained that the appointment would not be made to day, if at all, at this term of the court. Among the gentlemen being urged by their friends for the appointment are the Hoc. Alexander Hunter, late member of the House of Delegates; Capt. F. R. Windser, who was the Democratic nominee against Mr. Jefferson Tacey for the treasurership at the May election; Mr. F. G. Schutt, a furniture metchast in Gerzetowe, D. C., but a resident of Alexan-dria county, and a member of the Board of Supervisors; Mr. Francis M. Mills, J. P., and late candidate for the County Clerkship; Mr. Geo. O. Wunder, late school truster; Geo. II. Ramey, at one time Commonwealth's Atteracy and Thomas Jewell, erq, late departmental olerk. Judge James Sangater Int not yet given any indication, of what he will do in the premises. With the usual confidence of politicians, the friends of Mesers. Windser, Wunder and Jewell all appear to be sanguine. The court convenes again on Wednesday, and then, purhaps, their anxicty will find relief.

YESTERDAY, -Yesterday, captracy to expec tations, was a tolerably good day. It was not as bright and balmy as it might have been, but the people all appeared to be gratified that it was not raining. The churches all had their usual convergations, and the streets presented their regular Sunday appearance. In the afternoon the young ladies promonated Washington street in large numbers, and the gentlemen en joyed themselves standing on the street cor-Mr. Dolan, head and front of the Fran Methodists, did not put in an appearance on the wharf, but some of the lesser lights of that sect gave their experience to a smaller crowd than usual. The nevelty of this new movement is dying cut, and unless they can get up something startling they will have no andiences to listen to them. The sa who approve the sentimont that there is not a minister in the city that will dare to tell the truth, are few in number, for Alexandria has always been blessed with a misis ry note! for its independence, learning, and high toned piety. Whether or not George Washington better known as the Pather of his Country, is in the lower regions, as Dolan states peritively, caunot, after dili-gent enquiry be determined, but the pictures, after the assassination of Lincoln, represented him and Abraham, arm inerio, sailing through the regions of glory. SHOOTING APPRAY IN FARQUIER COUNTY. About three o'clock, yesterday af ormoons, on a farm, near Weaver-ville, an affray occurred that probably will result in less of life to one of the contestants. It seems that an Englishman, owning and cultivating a form near the little village of Weaversville, had in his employ a colored man named Hart, and yesterday evening a quarrel arose in the termer s yard over the settlement of Hart's pay. From words they proceeded to blows, and then both drew pistols, the Englishman armed with an army size Colts, the negro with a small preket revolver, carrying a 32 cal. bad. Buth were shot, the negro through the breast, the Englishman through the body. The Englishman emptied all the loads out of the revelver and then ran back in his bouse and obtained a shot gun, but was prevented from using it by the brother of Hart who stood near. At the preseat time it is impossible to learn the extent of the injuries of either party, though the negro is believed to be fataily injured.

THE NEW JUDGE, -There is to be an assessor appointed for the city in June next, whose term of office lasts five years. Just to think of it, five years in office without any constituents. Beneficial Society appointed a committee of to please, to bow and serspe to. This is worth nine, consisting of Mesers. M. B. Harlow, Joo. trying for and already it is being talked about and thought about, but who will have the sppointment-Judge Stuart or Judge Chilton ? is commission until that time, there will certainly will be present. be some weering, and howling, and gnashing of teeth. Somebody will suffer disappoints ment. If it be true that a slate is already made up, let it be placed among the archives of the readjuster party as an evidence of what might have been. It is reported that the executive committee of the readjusters of the city have determined, by a vote of two for H. L. Simple son to eighteen for J. M. Heishley, to recommend the latter for the position.

COUNTY COURT. - Judge Sangster presiding. The list of deeds and other wittings admitted to record in the clerk's office sizes the Decimber term, was presented to the court and ordered to be entered on the minutes.

Accounts of A. W. Armstrong, admr. d. b. n, Buckingham, were confirmed and ordered to be

recorded. The court appointed the following Registrats of Alexandria county for two years:

For Arlington District-W. T. Burrows. For Jefferson District-John Robioson. For Washington District -- W. J. Gary.

The last will and testament of Jefferson Tacry, deceased, was presented to the court and proven by the oaths of E. W. Ham lion and I-aac Fitz gerald and ordered to be recorded, Maud Troopy being appointed excentrix without security.

CAPT. WILLIAMSON'S FUNERAL -The fuseral of Capt. Williamson, who was killed by the railroad accident at Covo Crock bridge, last Friday, took place from his late residence on Henry street, yesterday afternoon at two o'clock and was attended by a large number of friends, icoluding all the railroad officials. His remains were interred in the M. E. Church South

MONUMENT ERECTED. - Mr. Wm. Chamery phe d in position to day a handsome mooument over the remains of the two sous of Mr. Samuel Pollman, near Sharon Church, acress Hunting Creek. The two boys, to whose memory the monument is creeted, were killed just after the war by the explosion of a bemb shell with which they were playing.

Horse Sold - A letter from Fanguier Cosays : Mr. Geo. N. Davis, an old Alexandrian. sold a herse to firm in Reamond for \$250. The herse was known as 'Bill," and troated both at the Winchester and Culpeper fairs last fall, wioning \$150 in premiums, and making a record of 2 43.

HAD HIS EUMPS EXAMINED.—For some-lime pret a prominent merchaet on the what has been seered of being obsticate in argu-ment and unwilling to yield a single roint. The accasation came from several gentlemen, who in turn had the charge made against them. A favorable opportunity offering during the dull hous of Saturday afternoon, the matter was settled by the appearates upon the seene, with book in hand, of a phrenologist. Gentlemen present gave guarantee for costs and charges in the case, and the merchant became the willing subject of a lengthy examination of all the big tumps and little bumps on his head, in order to forever set at rest the unfounded charge. The phrenologist entered upon his work by giving outlines, and many details of the science he professed, and said that "knowledge is power," and that saif knowledge was both the most useful and promotive of personal and universal happiness and success. 'Know thyself,' was written in golden capitals upon the splendid temple of Delphos as the mest important maxim the wise men of Grecce could transmit to unboin generations and the Bible commanded us to "search our hearts." Each bump was discussed in turn and character applied the summing up of which wes:-Tall persons are generally active and seldom mean, if ever, and in this case the bumps of firmness, combativeness, sail esteem and benevolence were large, indicating him to be as unchangeable as the aws of the Medes and Persians, but as the bump of casuality predominates can possibly be turced by potent reasons, yet by nothing else. The phrenologist recommends the gentleman as highly qualified for a jaryman or treasurer. The results of this exemination will probably be a charge of locality of some business signs.

PARIS, THE BEAUTIFUL CITY .- "Paris, the Beautiful City," was presented at Sarepta Hall, Saturday night last, by Professor George Reed Cromwell, the distinguished art illustrator, to an audience refined and cultivated, and the cotertainment was proscureed by critics one of great merit. The company present, after look ing at all that was worth socing in the magnifient city, the pride of the Freech, were shown the interior of all the ralacce, the cathedrals, and the halls of legislation, together with many of the grandest productions of the old masters, both paintings and statuary. Professor Cromwell is an artist of prominence, and after having pent seven years in Europe, visiting all the illustrated all that the tourist, the carious, the antiquarian, and the lover of the beautiful and sublime suffer the inconvenience and danger of travel to see. It is all brought before the eye in a most attractive form, and is decidedly one of the best, if not the very best, art exhibitions ever given in this city. The subject to night will be "Rome, the Elernal City," and those wishing to spend an evening in amusement, innecent, refined and educational, will do well to be present.

BEACHERS' INSTITUTE -The monthly meetog of the Teachers' Institute was held at Peabody Hall on Saturday morning, all the city teachers and all those from the county except one, being in attendance, besides many private tenchers and purils of public and private schools. Supertendent Carne introduced Prof. Spencer, who delivered an abla and instructive lecture on Specific Use manship, giving many valuable hints to the teachers as to the position of pupils in writing, helding the pen, &c., &c. Society Notes.—The Washington Sunday of Virginia consols are well satisfied that the readjusting Legislature of Virginia is powerless to pass any bill to hart or change the present status of the consols. These who were slarmed by the line merriad lest work having returned from a delightful bridge trip to New York, have set businesses, the consols in the state of the readjusters, have already sold their bends; many of them are now wishing for a decline, that they may have an opportunity of businesses, the state of the readjusters of the readjusters. MONETARY AND COMMERCIAL.

John A. Hembleton & Cole. Beltimoro Financial Circular of Saturday says: "The plan for the reorganization of the Va. Midland road which was agreed upon last tummer, and which has been delayed by the opposition of a few of the bondholders, at last is in fair way of being consummated. The Legislature of Virginia has recently passed a bill authorizing the court at Alexandria. Va. to be the second of the court at Alexandris. Va., to hold an extra session in or-der to pass an order for the sale of the Virginia Midland road for the purpose of carrying out the reorganization scheme. All opposition to the proposed plan has been virtually withdrawn, so that it is probable that within a very short time the old Orargo and Alexandria and Orenge, Alexandria and Manassus bonds will be called in and the new bonds issued. The total amount of all the different clarses of creditors amounts to the holders of \$10,190,000. Of this sum about \$9(00,00) have given their written assent to the propesed plan. The plan of reor-ganization provides as follows: First mortgage Orange and Alexandria bonds, and all interest on the same due or to becomed us up to July 1st, 1880, to be exchanged for first mortgage bonds of the new company, running 15 years and bearing 6 per cent interest. Second mortgage Orarge and Alexandria bonds, and all interest due or to become due up to July 1st, 1880, to be excharged for second mortgage bonds of the new company, running 30 years and bearing 6 per cent interest. Third mortgage Orange and Alexandria bonds and all interest accrued up to A sharm bonds and all interest accrued up to May 1st, 1875, (date of default) to be a schanged for third mortgage bonds of the new company. The interest from May 1st, 1875, to July 1, 1879, to be funded into first preferred stock. The new bonds to run 25 years, with interest at 5 per cent for first five years and 6 per cent thereafter. Fourth mortgage Orango and Alexandria bonds, and all over due interest up to March 1st, 1875, (date of default) to be exchanged for fourth date of default) to be exchanged for fourth mortgage bonds of the new company, running 40 years with interest at 3 per cent for first ten years, 4 per cent for next 10 years and 5 per ct. thereafter. The interest from March 1st, 1875, up to July 1st, 1879, to be funded one half in first proferred stock and one nalf in second pre-ferred stock. Orango, Alexandria and Manassas bands and all unpaid coupons up to January 1st, 1878, and also Manassas Gap bonds, and all interest due or to become due up to July 1st, 18-0, to be exchanged for first mortgage bonds of the new company, which shall be a first mortgage upon the read between Manassas Junction and Harthe road between Marassas Junction and Har-rischburg. (including the Erent Reyal branch) bends to run 45 years with interest at the rate of 5 per cent per annum. The coupons from January 1st, 1878, up to July 1st, 1879, to be funded into first preferred sock. This scheme is just and equitable and does not favor any particular class of bendholders. The new mortgage will cover the same property and in the same order, as was the case with the old bonds. The list and second mortgegs bonds will bear the same rate of interest, the third and fourth mortgage bonds and the Manassas bonds will boar reduced rates of interest as above. In regard to the new bonds to be issued for the old Orange, Alex. & Manassas bonds the rental of \$89,00) per annum is guarenteed by the Balti mere & Obio railroad, and the mertgage pro vides that the said rental shall be pledged for the payment of the interest on the bonds. This makes the Urange, Alex. & Manassas bonds virtually a five per cent. bond, guaranteed by the Baltimore & Chio railroad. They are now selling with all the accrued interest at about 80. Under the circumstances they appear to be cheap enough. All of the different Grango binds have been most favorably effected by the proposed plan of reorganization, and have advanced very materially times the plan was first proposed. But interest paying basis. The earning and business of the road have increased very much, and it is thought that there will be no difficulty in the payment of the interest on all of the bonds as it matures. Virginia bonds have been dull, with small transactions. Corsols, owing to a considerable short interest, and a scarcity of bonds for delivery, are very firm. The people of Virginia are still very bearish, and short sales continue to be made. Several blocks of bonds were sold during the past week seller sixty and thirty days. We think the sellers of consols may find it difficult to deliver the bonds sold short when the options fall due. The present holders when the options fall due. The present holders of Virginia consols are well satisfied that the re-

threats of the reacjusters, have already sold their bands; many of them are now wishing for a decline, that they may have an opportunity of buying at lower figures. The short interest and Mamie French, of Alexandria, Va., who were married last work having returned from a delightful bridal trip to New York, have set their bonds; many of them are now wishing for a decline, that they may have an opportunity of the fan i'v of Hon.
